

Pit & Geophysics Location Record

FSARG KP/OA identity	Address / location / nearest road name etc.	Date:
		Signed:

SKETCH MAP (state here if copy of OS / similar map has been marked and attached)

North arrow		Magnetic heading of key point(s) if available
-------------	--	---

Record location of all measuring reference points on sketch / map above and in site notebook if necessary. If required, add to following tables overleaf but note this at foot of this page.

Site reference KP / OA	Lengths (measured in metres)									
	D1	D2	D3	D4	D5	L1	L2	L3	L4	L5

The following table is mainly of use for Geophys key point records where GIS ref. is available.

KEY ref. point	Description	Easting	Northing

Added to overleaf? Yes / No
